

UNITYTM MARK & SARA

THE UNITY MARKTM MODULAR ATTACHED RAIL KIT

The MARK allows the end user to seamlessly integrate their hearing protection and/or integrated communications into their headborne system. Designed to reduce overall profile of headborne systems and improve the consistent seal of ear protection, the MARK is compatible with every major helmet type and the most popular electronic hearing protection.

Constructed of impact-resistant polymer, the MARK is designed for hard use in the most austere environments.

MARK kit includes 2 MARKs and is available with or without SARAs.

THE UNITY SARATM SORDIN ARC RAIL ADAPTER

The SARAs allow mounting MSA Sordin ear pro onto Peltor or UNITY Mark Arc Rail adapters. Compatible with all MSA Sordin-based headsets including TCI Liberators and DEHP models and Avenger headsets with and without integrated communications.

SARA kit includes 4 SARAs and installation instructions.

| MARK COMPATIBILITY | HELMETS | ACCESSORIES | ELECTRONIC HEARING PROTECTION |
